Hydrobiologia

The International Journal on Limnology and Marine Sciences

Volume 344 (January 31, 1997), Contents

Bacterial lipolytic activity in a hypertrophic dead arm of the river Danube in Vienna
by A.J. Gajewski, A.K.T. Kirschner & B. Velimirov 1–10

Tolerance levels of redbreast tilapia, *Tilapia rendalli* (Boulenger, 1896) to natural suspended silt
by Y. Buermann, H.H. Du Preez, G.J. Steyn & L. Smit 11–18

Qualitative differences in interstitial organic matter and their effect on hyporheic colonisation
by N. Lenting, D.D. Williams & B.G. Fraser 19–26

Matching diatom assemblages in lake sediment cores and modern surface sediment samples: the implications for lake conservation and restoration with special reference to acidified systems
by R.J. Flower, S. Juggins & R.W. Battarbee 27–40

The underwater light field in the Bellingshausen and Amundsen Seas (Antarctica)
by N. Stambler, C. Lovengreen & M.M. Tilzer 41–56

Influence of fish on the breeding of the red-necked grebe *Podiceps grisegena* (Boddaert, 1783)
by B.M.A. Wagner 57–63

Litter-shredding in a desert oasis by the snail *Melanopsis praemorsa*
by J. Heller & A. Abotbol 65–73

The effect of large macroinvertebrate herbivores on sessile epibenthos in a mountain stream
by J.S. Rosenfeld 75–79

Rapid breakdown of allochthonous and autochthonous plant material in a eutrophic river
by T.V. Royer & G.W. Minshall 81–86

Phytoplankton primary production in a shallow, well-mixed, hypertrophic South African lake
by W.R. Harding 87–102

The effects of irrigation effluent on a western Canadian prairie river
by E.I.L. Silva & R.W. Davies 103–109

Species assemblages as descriptors of mesohabitats
by I. Pardo & P.D. Armitage 111–128

Limnological survey of the warm monomictic lake Trichonis (central western Greece). I. The physical and chemical environment
by T. Tafas, D. Danielidis, J. Overbeck & A. Economou-Amilli 129–139

Limnological survey of the warm monomictic lake Trichonis (central western Greece). II. Seasonal phytoplankton periodicity – a community approach
by T. Tafas & A. Economou-Amilli 141–153

Fish predation on *Eudiaptomus gracilis* in relation to clutch size, body size, and sex: a field experiment
by J.-E. Svensson 155–161

On a new species of *Keratella* (Rotifera: Monogononta: Brachionidae)
by H. Segers & Quang-xi Wang 163–167
Epifauna living on sublittoral seaweeds around Cyprus
by A.R. Russo 169–179
Deployment of a threshold-activated pump sampler in an industrial shock load impact study
by M. Dickman & F. Johnson 181–193
Two siphonostomatoid copepods (Coralliomyzontidae) associated with the ahermatypic coral *Tubastraea* in the Moluccas
by A.G. Humes 195–203
A non-linear model of phosphorus flux in the phytoplankton of a temperate eutrophic reservoir
by J.A. Fernández, V. Clavero, J.A. Villalobos, F.X. Niell 205–214

Erratum
The economics of aquatic vegetation removal in rivers and land drainage systems
by J.A.L. Dunderdale & J. Morris 215
